EPITHELIAL CELL GROWTH MEDIUM

Product Description:

Epithelial Cell Growth Medium is designed to promote epithelial cell proliferation *in vitro*. This medium is a complete medium containing the basal medium and growth supplements without antibiotic.

Catalog No.: MD-0041

Quantity: Epithelial Cell Growth Medium (500 mL);

Antibiotic-Antimycotic (100X, 5 mL)

Product Use: Epithelial Cell Growth Medium is for research use only. It is not approved for

human or animal use, or for application in *in vitro* diagnostic procedures.

Sterility test: Negative for bacteria, yeast, fungi and mycoplasma.

Shipping: Dry ice

Storage: The complete medium can be stored in -20°C for one year. Protect from light.

Instructions for Use: Thaw the medium in 37° C water bath. Gently tilt the bottle several times to ensure the contents are completely mixed. Once thawed, the complete medium is stable for one month in 4° C with minimal exposure to light.

Disclaimers

This product is intended for laboratory research purposes only. It is not intended for use in humans. While iXCells Biotechnologies uses reasonable efforts to include accurate and up-to-date information on this product sheet, we make no warranties or representations as to its accuracy. Citations from scientific literature and patents are provided for informational purposes only. iXCells Biotechnologies does not warrant that such information has been confirmed to be accurate.

This product is sent with the condition that you are responsible for its safe storage, handling, and use. iXCells Biotechnologies is not liable for any damages or injuries arising from receipt and/or use of this product. While reasonable effort is made to insure authenticity and reliability of strains on deposit, iXCells Biotechnologies is not liable for damages arising from the misidentification or misrepresentation of cultures.
